Long Beach, Ca – Ristorante daVinci is now soaring into the sunset and over the Long Beach coastline every Friday and Saturday night starting. Ristorante daVinci's "Friday Night Flights" and "Soaring Saturdays" are sure to become a staple of weekend entertainment in Long Beach as patrons enjoy a flight of three different wines or martinis before being whisked away into the evening air on a scenic helicopter tour.

While Friday Night Flights introduces the customer to three glasses of wine from all across the globe, "Soaring Saturday's" appeals to the martini-lover and is a great way to start or end an evening with a loved one or friends.

"Much like the Renaissance man our restaurant was named after, we are constantly reinventing the restaurant experience with new and exciting attributes", said Dave Neary, Owner of Ristorante daVinci. "It's our goal to constantly try new things, and with Leonardo da Vinci's passion for the pursuit of flight, we always have felt a commitment to blending aviation with the restaurant to create a well-rounded entertainment experience."
