Long Beach, Ca – Rocker James Intveld (www.jamesintveld.com) is performing at Smooth's Sports Grille this Saturday, May 2nd from 9pm to Midnight as part of the new, ongoing Smooth's Concert Series. Smooth's Sports Grille has always been the home for Downtown Long Beach entertainment, but their new concert series will provide consistent, live music up to four days a week.

Intveld has been described as the consummate performer in every aspect of his work as an artist and entertainer. More akin at Sinatra, Dino, Basie or Elvis than the new breed of stars that have little or no substance, Intveld continues to thrill and amaze crowds throughout Southern California.

As a writer, Intveld wrote the Rosie Flores hit "Cryin' Over You" as well as all the material on his own 1996 effort James Intveld. Named the best studio recording project and the best country or roots CD of 1996 by California's Music Connection magazine, Intveld successfully produced, arranged, sang, and played all the parts on this magnificent release, dedicated to his brother and best friend, Ricky who died in a plane crash.
